**New Health Order Allowing Childcare with Safety Requirements**

San Mateo County’s new health order, issued by Health Officer Dr. Scott Morrow, allows childcare facilities of all types to operate with specific safety measures to prevent the spread of COVID-19. The order’s purpose is to limit the co-mingling of various households, create stable childcare groups, minimize interactions, and keep childcare groups stable. The order does not allow a child to attend two separate care settings at the same and similarly, a caregiver cannot care for more than one group of children at the same time. Read about the required safety measures and order details in the [press release](#).

Dr. Morrow has also revised the health order requiring members of the public and workers to wear face coverings. All members of the public, except as specifically exempted in the [health order](#), must continue to wear a face covering outside their home.

**Virtual Diaper Drive**

One Life Counseling Center is serving approximately 300 families in need every Friday and is facing a growing demand for commonly requested items such as diapers, wipes, and feminine
hygiene products. As a result, the San Carlos Youth Advisory Council will continue its Diaper Drive virtually and has updated its Amazon Wish List to reflect One Life Counseling Center’s most needed supplies.

To donate, shop the [Amazon Wish List](#) for needed diaper and wipe options. When checking out, select One Life Counseling (1033 Laurel Street, San Carlos, CA 94070) as the shipping location so items ship directly to the donation center. If you have questions, please contact Caitlyn Matoso at cmatoso@cityofsancarlos.org.
